It is hard to deny that today's world can seem apathetic toward Christians. Some may look down at their iPhones when we mention God, motion for the check when we bring up church, or casually change the subject when we talk about prayer. In a world full of people whose indifference is greater than their desire to know Christ, how can we dream of growing the church? In *Contagious Disciple Making*, David Watson and Paul Watson map out a simple method that has sparked an explosion of homegrown churches in the United States and around the world. A companion to Cityteam's two previous books, *Miraculous Movements* and *The Father Glorified*, *Contagious Disciple Making* details the method used by Cityteam disciple-makers. This distinctive process focuses on equipping spiritual leaders in communities where churches are planted. Unlike many evangelism and church-growth products that focus on quick results, contagious disciple-making takes time to cultivate spiritual leadership, resulting in lasting disciple-making movements. Through *Contagious Disciple Making* readers will come to understand that a strong and equipped leader will continue to grow the church long after church planters move on to the next church. Features include: Engagement tools for use in the field Practical techniques to equip others to make disciples

"The story behind the world's fastest growing church planting movement and how it can happen in your community!"--front cover.

David Garrison, PhD University of Chicago, defines Church Planting Movements as rapidly multiplying indigenous churches planting churches that sweep across a people group or population segment. Garrison's *Church Planting Movements: How God Is Redeeming a Lost World* signaled a breakthrough in missionary church planting. After the publication of Garrison's book in 2004 it became impossible to talk about missions

Titusdale without referencing Church Planting Movements. Church Planting Movements examines more than two-dozen movements of multiplying churches on five continents. After presenting these case studies, Garrison identifies ten universal elements present in each movement. He then broadens the circle of examination to identify a further ten common characteristics, factors identified in most, but not all, of the movements. He concludes his examination with a list of "Seven Deadly Sins," i.e. harmful practices that stifle or impede Church Planting Movements. Important for evangelical readers, the author returns to his findings to see how they stand up to the light of Scripture. What he discovers is that Church Planting Movements are much more consistent with the New Testament lay-led house-church movements that swept rapidly through the Mediterranean world in the face of hostile opposition than today's more sedentary professional institutionalized Christianity. Spent Matches explores the possibility that a few small paradigm shifts within the church might make the difference between extinction and effectiveness. In fact, taking a clue from the automobile industry, the church might be able to not only halt the rapid decay in attendance but also become an effective tool in achieving Jesus' final command. For instance, the Hybrid car has become the answer to Detroit's environmental and oil crisis issues. Finding the synergy between two technologies, gas and electric has created a new day for the auto industry. Likewise, *Spent Matches* explores how the church can find synergy between two seemingly competing thoughts: an invitation to come and a command to go. The Hybrid metaphor brings energy to the church's mission and an explanation to the age-old argument of Missional versus Attractional methods. Features include: Innovative ideas for growing the church Methods to reach those who may never have attended church Scripture passages that touch on the subject of church growth

directions? Why would they risk an attendance drop and a decrease in giving in pursuit of a vision that has seldom been attempted in the American church? The leaders of Experience Life knew this journey would be risky and calculated the costs before ever beginning. They believed that following Jesus and aiming to reach millions was worth any cost. Be careful with this book. It might inspire you to risk everything you have to follow Jesus. You've been warned.
