The story of America and African Americans is a story of hope and inspiration and unwavering courage. In *Heart and Soul*, Kadir Nelson's stirring paintings and words grace 100-plus pages of a gorgeous picture book—a beautiful gift for readers of all ages, a treasure to share across generations at home or in the classroom. *Heart and Soul* is about the men, women, and children who toiled in the hot sun picking cotton; it's about the America ripped in two by Jim Crow laws; it's about the brothers and sisters of all colors who rallied against those who would dare bar a child from an education. It's a story of discrimination and broken promises, determination, and triumphs. The Immortal Life of Henrietta Lacks meets Get Out in this “startling...powerful” (Kirkus Reviews) investigation of racial inequality at the core of the heart transplant race. In 1968, Bruce Tucker, a black man, went into Virginia’s top research hospital with a head injury, only to have his heart taken out of his body and put into the chest of a white businessman. Now, in *The Organ Thieves*, Pulitzer Prize-nominated journalist Chip Jones

exposes the horrifying inequality surrounding Tucker's death and how he was used as a human guinea pig without his family's permission or knowledge. The circumstances surrounding his death reflect the long legacy of mistreating African Americans that began more than a century before with cadaver harvesting and worse. It culminated in efforts to win the heart transplant race in the late 1960s. Featuring years of research and fresh reporting, along with a foreword from social justice activist Ben Jealous, "this powerful book weaves together a medical mystery, a legal drama, and a sweeping history, its characters confronting unprecedented issues of life and death under the shadows of centuries of racial injustice" (Edward L. Ayers, author of *The Promise of the New South*).
